

AU ONLINE SUMMER UNIVERSITY*

*OR THE BEGINNING OF AN INSPIRING SUMMER

AARHUS UNIVERSITY

WELCOME TO **AU SUMMER UNIVERSITY**

AU Summer University takes place every year in July and August. The programme consists of a broad variety of courses taught in English at Bachelor's or Master's. AU Summer University welcomes local Danish students, international full-time students, exchange students and tuition-fee paying students.

As all teaching is research-based, courses have a strong academic foundation.

In 2021 we are pleased to be able to offer a record-breaking number of courses – more than 100 in total.

Kind regards

The summer university experience was a thoroughly enjoyable experience; despite the summer school now being online.

I enjoyed meeting a diverse range of people throughout my time at Aarhus and I enjoyed broadening my knowledge of Economics outside of the material taught at home.

The online summer school was a fantastic experience and I would recommend it to anyone interested as you still get the opportunity to learn about the country's culture and way of life.
